RUSH ORDERS TO THE OHIO

Instead of staying a week the battleship Ohio will leave this port on Thursday for the Asiatic station. Orders were received from Washington rushing the big fighting machine to the Far East. It is reported that the reason for the department's anxiety to get the Ohio in Eastern waters is a fear that in case of a great naval battle between the Russian and Japanese ships of the defeated side may try to use the Philippine waters and harbors for refuge. Although we already have a powerful fleet in those waters, the Kentucky has gone home and it is desired to have the fleet filled up by the addition of the Ohio. She would have a good effect in preserving the neutrality of Philippine waters.

There is a baseball team on the Ohio that has been playing games around San Francisco. A game has been arranged between them and the local Elks. It was to have taken place this afternoon, but it is possible that the sailors will not be able to get off on account of coaling. The battleship begins this morning to take on 1600 tons of coal.

BOSTON TO BE STATION SHIP

That Hawaii is to have a cruiser as a station ship is the word brought by the Ohio. A man on the battleship stated yesterday that the cruiser Boston, which recently arrived at San Francisco from Panama with yellow fever on board, had been ordered to come to Hawaii as station vessel for a year. She is now in dry dock and is being thoroughly cleaned. She was one of the first vessels in the new navy and played an important part in the history of these Islands. As the gunboat Petrel was one step better than the tug Iroquois as a station vessel, so the Boston is one step better than the Petrel. Perhaps some day there will be a battleship stationed here.

THOMAS FOR MANILA.

There was a brilliant scene at the sailing of the transport Thomas for Manila last night. The Hawaiian Band was stationed on the upper deck while the Philippine Scouts' Band was on the dock. The two bands alternated in discoursing sweet music. As the big troopship pulled out the sailors on the battleship Ohio gave her three cheers and the soldiers responded with three for the Ohio. There was also an exchange of greetings between the two ships by means of signal flags. It was remarked that there were no late comers to be rowed off to the transport after she had left the dock. The Thomas took on 600 tons of coal. She will make an unusually long stop at Guam, having marines for that island.

DIX BRINGS STOCK.

The big transport Dix was sighted off Diamond Head early yesterday afternoon and docked at the Pacific Mail wharf. She has 484 head of horses and mules aboard, all very fine stock. There is also a lot of about twenty-four blood hounds from South Carolina, which are to be used in the Philippine prison service. It is reported that the hounds got away from the train on which they were near New Orleans, and were captured within ninety days. The stock was landed last night, and taken to the government corral. The Dix will probably be here four or five days. Captain Cranston is quartermaster on the ship.

SHIPPING NOTES.

The Likelike sailed for Maui and Molokai ports last night.
The Buford is due from Portland today with the Ninety-Ninth Infantry.
The Doric will sail from San Francisco April 20th instead of April 12th, going direct to Yokohama.

The Fourteenth Infantry, which is here on the Sheridan, was with the Ninth on the Pekin expedition.

The Oceanic liner Ventura will arrive this morning from the Colonies and take the mail to the coast this afternoon.

H. Hackfeld & Co., agents of the A. H. S. Co., yesterday received a cablegram saying the steamer American sailed from San Francisco for Honolulu on Saturday. The American brings a mail.

The army transport Sheridan was sighted off Barber's Point at 1:40 yesterday afternoon and came off the harbor soon after. She made the trip from Nagasaki in sixteen days, being delayed by heavy weather soon after leaving that port. She brings 1000 tons of coal for the local army quartermaster, and will be here several days discharging it. The local officers think she will be able to get away in three days, but it may be four or five. She is lying at Naval Dock No. 2.
